Startup Development Division

NUS ENTREPRENEURSHIP SOCIETY

Video Submission Instructions:

Submission Opens	Submission Deadline
15 March 2026	29 March 2026, 23:59

- Video length must not exceed **2 minutes.**
- The format is completely open, 100% creativity is encouraged. You may present in any style you choose.
- Prototypes are not a necessity for video pitch submission.
- Submissions will be accepted via the form that opens on 15 March 2026.
- Late submissions will not be accepted under any circumstances.
- Your video will only be judged if your team is registered. Ensure your registration and team name are clearly included with your submission.

Video Submission Rubrics:

Criterion (Weight)	Inadequate (1–3)	Fair (4–6)	Good (7–8)	Excellent (9–10)
Problem Identification & Relevance (20%)	Problem unclear, trivial, or misaligned with category	Problem identified but weakly justified; minimal user insight	Clear problem supported by some user research or data	Compelling, problem with strong user insight and evidence of need
Solution & Value Proposition (30%)	Solution vague or mismatched; no clear value	Solution addresses the problem but lacks clarity or differentiation	Clear, feasible solution with defined user value.	Innovative solution with strong differentiation and value.
Innovation & Creativity (20%)	Highly conventional; no meaningful novelty.	Some originality, but mostly incremental.	Original approach or application.	Highly innovative or potentially disruptive concept.
Market Understanding & Target Audience (20%)	Target users unclear; market assumptions weak	The target audience is identified with weak assumptions	Clear target audience with reasonable market logic.	Deep user insight, credible market understanding, and adoption potential

Feasibility & Scalability Potential (10%)	Impractical or unrealistic to execute.	Feasible in theory, but major risks are unaddressed.	Realistic execution with some scalability planning.	Clearly feasible with strong scalability potential.
